EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bradley Haymond on September 27, 2005.

The application has been amended as follows:

IN THE CLAIMS:

Claim 14, line 3, delete "PV 19,".

Claim 36, line 2, delete the second occurrence of "PV 19,".

Claim 58, line 2, delete the second occurrence of "PV 19,".

The following is an examiner's statement of reasons for allowance:

The references alone or in combination fail to teach a neutral black ink comprising a carbon black, a cyan pigment and a violet pigment, with the specific absorbance ratio. Therefore the references are not seen to teach or fairly suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
